The authoritative manual for the trainee and qualified surgeon, covering every aspect of total mesorectal excision for rectal cancer.

Written by the surgeons who pioneered and popularized TME. Uses high-quality colour illustrations to detail the multidisciplinary management of rectal cancer, which aid understanding. Endorsed by the Pelican Foundation, the leading organization for research into bowel cancer surgery. Incorporates state-of-the-art pre-operative staging, optimal surgical excision by TME surgery and quality control and audit of outcomes by detailed pathological assessment of the resected specimen. The first book to be dedicated to total mesorectal excision, Manual of Total Mesorectal Excision is an invaluable resource for both trainee and qualified surgeons.
