Authored by neuro-ophthalmologists whose careers span three generations in the field, Neuro-Ophthalmology helps clinicians evaluate and manage patients with neuro-ophthalmic problems. This “curb-side consult” approach is divided into five sections: afferent (visual) disorders; efferent (eye movement) disorders; eyelid disorders; pupil disorders; and combination syndromes. Based on the most current scholarly evidence and filled with practical advice, Neuro-Ophthalmology provides the answers to “what do I do now?”
