This first volume of this series focuses on the procedures used in Larynx, Hypopharynx, Oropharynx, Oral Cavity and Neck surgeries.

The Master Techniques in Otolaryngologic Surgery Series provides how-to guides to both the common and advanced procedures performed in the major subspecialties of Otolaryngologic Surgery. Step-by-step instructions and over 300 full-color intraoperative photographs and line drawings makes this guide an excellent reference for Head and Neck specialists and General Otolaryngologists alike.
