Pharmacology Made Incredibly Easy! ANZ Edition

Boost your confidence! This book explains complex pharmacology concepts in clear, concise, and interesting language.

This incredibly useful reference presents pharmacology facts in a reader-friendly style. You'll easily learn and recall key information such as: drug interaction, pharmacology fundamentals - including where drugs come from and how they’re classified and administered - drugs by pharmacological class for all body systems, pain medications, anti-infective drugs, drugs for fluid and electrolyte balance, and much more.

Adapted from the popular Made Incredibly Easy! series this text includes relevant language, references, legislation and measurements for the Australian New Zealand marketplace.
