Learning to Live Together: Preventing Hatred and Violence in Child and Adolescent Development

With a view to deepening our understanding of sources of hatred and prejudice, this book uses a developmental and evolutionary perspective to explore and explain the process by which our beliefs are conveyed to the youngest members of society.

Discussing the psychological obstacles to peaceful relations between groups, the authors focus on the developmental processes by which we can work to diminish ethnocentrism, prejudice, and hatred, which children learn from a very early age.
