For more than 30 years, Skeel’s Handbook of Cancer Therapy (formerly Handbook of Cancer Chemotherapy) has been the resource of choice for current, reliable information on cancer treatment for most adults.

The 9th Edition reflects recent significant advances in the systemic treatment of cancer, including innovations in immunotherapy, oncology genomics, and molecular targeted therapy. An invaluable reference for all levels of physicians, nurses, and allied health professionals who provide care to cancer patients, this bestselling guide combines the most current rationale and the details necessary to safely administer pharmacologic therapy, offering a balanced synthesis between science and clinical practice.
