Offers how-to-strategies for incorporating the burgeoning field of technology into the classroom

This book continues to provide nursing educators and other health care professionals with the latest, proven teaching strategies. Newly revised and updated, with topics that include Web 2.0 technologies such as blogs and podcasts. Also featured are chapters on Blended Learning and Study Abroad programs, enabling students to gain a more diverse and increased global perspective. Featuring innovative teaching techniques for various learning environments and real world illustrations of the strategies in use, this book goes beyond theory to offer practical application principles that educators can count on!
