Blackwell Handbook of Adolescence

This volume brings together a team of leading psychologists to provide a state-of-the-art overview of adolescent development.

Leading experts provide cutting-edge reviews of theory and research. This work:

* Covers issues currently of most importance in terms of basic and/or applied research and policy formulation.
* Discusses a wide range of topics from basic processes to problem behavior.
* The ideal basis for a course on adolescent development or for applied professions seeking the best of contemporary knowledge about adolescents.
* A valuable reference for faculty wishing to keep up-to-date with the latest developments in the field.
