

Ovid®

## Handbook for Principles and Practice of Gynecologic Oncology

Rely on Ovid as the trusted solution that transforms research into results

Easy to read and designed for on-the-spot reference, this second edition is a comprehensive yet concise guide for fellows, residents, and specialist trainees in the diagnosis and management of gynecologic cancers.

Readers will find authoritative coverage of the latest developments in the field, streamlined data that support treatment recommendations, and helpful algorithms and tables included throughout.

- Learn from two new co-editors, Drs. Dizon and Yashar, who share their expertise in gynecologic medical oncology and gynecologic radiation oncology.
- Progress logically through each chapter from incidence and etiology to diagnosis and treatment.
- An ideal companion to Barakat, Markman, and Randall's Principles and Practice of Gynecologic Oncology, 6th Edition.
