Clinical Assessments in Psychiatry: Mastering Skills and Passing Exams

Rely on Ovid as the trusted solution that transforms research into results

This book contains case vignettes and discussions to help residents, fellows, and practitioners maximize their competency in performing clinical assessments in psychiatry.

Derived from a highly successful course at Yale University, the book focuses on the key clinical skills emphasized by the American Board of Psychiatry and Neurology in residency training and on the oral board examination. These skills include physician-patient relationship; psychiatric interview, including mental-status exam; case presentations; live patient; case formulation; differential diagnosis; and treatment interventions. Dr. Tampi's training in the U.S., U.K., and India enables him to cross cultures around the globe.
