Biotech Funding Trends

Rely on Ovid as the trusted solution that transforms research into results

Provides a comprehensive overview of current trends in biotech funding, based on interviews with dedicated biotech entrepreneurs and high-level investors as well as case studies

This is a must-have resource for biotech entrepreneurs and investors, as well as invaluable supplementary reading for students aspiring to a career in the industry. In particular, it illustrates the tensions between both sides based on their different backgrounds and expectations. The book outlines the various funding opportunities for the biotech industry in Europe and identifies ways for both sides to overcome their existing prejudices in order to successfully thrive in a competitive environment.
