This book offers a wide variety of health care professionals an invaluable and long-awaited resource for the proper assessment, treatment, and management of personality disordered individuals.

Aimed at practitioners working in high security hospitals, prisons and other community services the text addresses clinical practice issues related to the understanding, assessment and treatment of people who have been diagnosed with a personality disorder. It focuses on the experience, practice and emerging ideas and findings of practitioners in the field, reflecting the multidisciplinary nature of practice in the field.
