What is OvidMD?
OvidMD is the first clinical tool from Ovid and provides quick answers to a physician’s questions based on relevant, current full-text content from Ovid. OvidMD was designed from a clinical, evidence-based perspective to ensure results are meaningful to a practicing physician.

As part of OvidMD, you automatically get access to patient handouts, evidence-based guidelines, the A-Z Drug Facts drug compendium, and Ovid MEDLINE, Ovid’s industry-leading implementation of one of the most highly regarded bibliographic sources of biomedical information.

Be sure to look for other discipline-specific OvidMD book collections.

In order to purchase this collection you must have an active subscription to OvidMD.
