Do you own the 2016 LWW Essential Collection? Upgrade to the 2017!

All 36 titles in this collection are Doody’s Core Titles that have been recommended as ESSENTIAL purchases for institutions - especially those with limited budgets - seeking to expand their medical resource portfolio.

Recommendations in each specialty are made by librarians who select and score in that specialty. Librarians work independently of one another, making selections based on their experience with their respective institutions.

Doody’s Review Service is a leading source for expert, authoritative quality assessment and collection development tools for medical, nursing, and allied health books.
