A cost-effective, convenient package of 2 premier publications for clinicians and veterinary management professionals.

In Practice
The journal provides continuing educational material for veterinary practitioners. Peer-reviewed review articles by experts in their field cover all species - principally farm and companion animals - providing a regular update on clinical developments. Published 10 times a year, it also includes articles on veterinary practice management.

The Veterinary Record
The official journal of the British Veterinary Association (BVA) has been published weekly since 1888.

Note: Journals are not sold separately but available only as part of this collection.
