Lippincott Williams & Wilkins Total Access Book Collection 2011-2015 Bridge

A collection of 300 LWW books published between 2011-2015 and available on Ovid.

Available as a one-time purchase for unlimited access on Books@Ovid, this collection bridges the gap between the expansive LWW Total Access Book Collection and the previous version of that collection: the LWW Complete Book Collection. It contains nearly 300 books in clinical medicine, nursing, and health professions, including some 2015 Doody’s Core Titles (e.g. Critical Care Handbook of the Massachusetts General Hospital, The Wills Eye Manual, and Master Techniques in Otolaryngologic Surgery).
