Quick, one-click access to more than 70 resources in global tourism.

CABI is one of the world’s leading sources of full-text scholarly literature in agriculture, public health, and food and environmental sciences.

With the CABI Leisure & Tourism Book Collection, you'll discover over 70 unique resources that, together, cover all aspects of tourism—including economics, cross-cultural interaction, sustainable development, ecotourism, and more—for a variety of demographics and geographic locations. Please note that books in this collection are not available individually.
