This unique package includes the Mental Measurements Yearbook database PLUS the Tests in Print database, which provides the most current descriptive test data, including test descriptions, publishers, pricing, in-print status, etc.

Tests in Print serves as a comprehensive bibliography to commercially available tests that are currently in print in the English language. TIP provides vital information about tests to test users including test purpose, intended test population, administration times, scores generated, price, test publisher, in-print status, test acronym, publication date(s), and test author(s).

Mental Measurements Yearbook contains database covers more than 3,500 commercially-available tests in categories such as personality, developmental, behavioral assessment, neuropsychological, achievement, intelligence and aptitude, educational, speech & hearing, and sensory motor.
