Get convenient, cost-effective access to 23 research and clinical practice books ideal for any anesthesiology residency or CRNA program - accessible via an anesthesia-specific online portal at LWWHealthLibrary.com.

Download Factsheet

The collection covers core content in every major Anesthesiology sub-discipline - echocardiography, pain management and more. Also included are an extensive video library of 600 procedures and more than 2,000 Q&As to support learning needs and written and oral board preparation.

Features:
- 23 authoritative, must-have references from a leading medical, nursing and health sciences publisher
- Covers core, fundamental topics in Anesthesiology
- Books are great for trainees who’ve already graduated and practitioners who need periodic refreshes
- Full book chapters are printable and can be shared with colleagues and students
- Great for review, self-assessment and exam preparation using Q&A
- Books are continually updated with the most current edition

Please note we always add new editions as soon they are published. That means multiple editions of a book may be available. Books in this collection include the following (be sure to visit Health Library: User Central for the most up-to-date list):
- 5 Minute Anesthesiology Consult
- Anesthesiologist’s Manual of Surgical Procedures
