Ovid Emcare

Rely on Ovid as the trusted solution that transforms research into results

Premium nursing and allied health database ideal for practice, research, or education—access to nearly 5 million records, more than any other nursing database!

Download Factsheet

Ovid Emcare, a partnership with Elsevier, sets a new standard in nursing and allied health research, offering an unparalleled nursing research combination: the world's most comprehensive and trusted scholarly, peer-reviewed literature in nursing and allied health PLUS the advanced search and discovery technology of the Ovid® platform.

Whether you're involved in nursing practice or research, or you're a nursing student at any level, Ovid Emcare provides you with the best way to search, discover, and manage the information that matters to you. You can quickly and easily uncover evidence-based literature and the latest scientific advancements that support patient treatment in a wide variety of healthcare settings and lead to more cost-effective and higher quality care.

Content highlights:

- Over 3,700 international journals indexed and with no embargoes—more than any other nursing database!
- Access to over 1,800 journals not available on other leading nursing databases
- Nearly 5 million records dating back to 1995
- Up to 250,000 record citations added each year
- Comprehensive scope of international content (more than any other nursing database!): 50% of journals from North America, 40% from Europe; 10% from other regions; 9% of all records reference non-English articles, though most have English-language abstracts
- 70% of records contain online abstracts
