LWW Health Library: Advanced Practice Nursing

Supports both the practice and specialty-based areas of the curriculum for nurses working on either their Master of Science in Nursing (MSN) or their Doctor of Nursing Practice (DNP).

Provides single-click access to competency-based content for students working toward certification and nurses already in practice (NPs, MSNs, and DNPs): 29 must-have core textbooks PLUS integrated audio files, clinical assessment videos, and case studies.

Available via LWWHealthLibrary.com, this specialized book/multimedia package is ideal for the students and practitioners.

- Supports practice and specialty-based areas of MSN and DNP curriculums
- Ideal for use in distance-learning MSN and DNP programs
- 139 case studies covering core concepts for nursing practice
- 7 self-assessment Q&A banks for invaluable certification prep
- 43 audio files and clinical assessment videos from the Bates’ Visual Guide to Physical Examination and History-Taking textbook
- Books are updated with new editions as soon as they’re available!

Please note we always add new editions as soon they are published. That means multiple editions of a book may be available. Books in this collection include the following (be sure to visit Health Library: User Central for the most up-to-date list):

- Bates Guide to Physical Examination and History-Taking
