Available via lwwhealthlibrary.com, this package provides integrated access to core textbooks, video clips, and multimedia content for success as a practicing pharmacist.

Features:
- Over 40 core textbooks for pharmacy students and practitioners
- Robust video library with professional resources covering Pathology/Pathophysiology, Pharmacy Practice, Physical Examination, and Physiology
- Full book chapters are printable and can be shared with colleagues and students
- Books are continually updated with the most current edition
- Sophisticated semantic search and user-friendly navigation

Please note we always add new editions as soon they are published. That means multiple editions of a book may be available. Books in this collection include the following (be sure to visit Health Library: User Central for the most up-to-date list):

- Ansel’s Pharmaceutical Dosage Forms and Drug Delivery Systems, 9e
