Point of Care: The Journal of Near-Patient Testing & Technology is a vital resource for directors and managers of large and small hospital pathology labs, blood centers, home health-care agencies, doctors’ offices, and other healthcare facilities.

Each issue of Point of Care brings peer-reviewed original research articles, along with concepts, technologies and trends, covering topics that include:

- Test accuracy
- Turnaround time
- Data management
- Quality control
- Regulatory compliance
- Cost-effectiveness of testing
