## Current Opinion in Pharmacology

Rely on Ovid as the trusted solution that transforms research into results

The Current Opinion journals were developed out of the recognition that it is increasingly difficult for specialists to keep up to date with the expanding volume of information published in their subject. In Current Opinion in Pharmacology, we help the reader by providing in a systematic manner:

1. The views of experts on current advances in pharmacology in a clear and readable form.
2. Evaluations of the most interesting papers, annotated by experts, from the great wealth of original publications

Division of the subject into sections:

The subject of pharmacology is divided into themed sections, each of which is reviewed once a year. The amount of space devoted to each section is related to its importance.
