

Ovid®

Oncology Letters

Rely on Ovid as the trusted solution that transforms research into results

This monthly, peer-reviewed journal focuses on all aspects of clinical oncology, as well as in vitro and in vivo experimental model systems relevant to the mechanisms of disease.

The principal aim is to provide the prompt publication of original studies of high quality that pertain to clinical oncology, chemotherapy, oncogenes, carcinogenesis, metastasis, epidemiology and viral oncology in the form of original research, reviews and case reports.
