JAMA Psychiatry

Rely on Ovid as the trusted solution that transforms research into results

JAMA Psychiatry is an international peer-reviewed journal publishing high-impact articles that cover the field broadly.

JAMA Psychiatry strives to publish original, state-of-the-art studies and commentaries of general interest to clinicians, scholars, and research scientists in psychiatry, mental health, behavioral science, and allied fields. The journal seeks to inform and to educate its readers as well as to stimulate debate and further exploration into the nature, causes, treatment, and public health importance of mental illness.
