Journal of Manipulative and Physiological Therapeutics

Rely on Ovid as the trusted solution that transforms research into results

Journal of Manipulative and Physiological Therapeutics (JMPT) is dedicated to the advancement of chiropractic health care. It provides the latest information on current developments in therapeutics, as well as reviews of clinically oriented research and practical information for use in clinical settings. The Journal's editorial board includes some of the world's leading clinical low-back and spine researchers from medicine, osteopathy, chiropractic, and post-secondary education. JMPT, the premier biomedical publication in the chiropractic profession, publishes peer-reviewed original articles, case reports, journal abstracts, commentary, and new media reviews. Readers include chiropractors, osteopaths, physical therapists, physiatrists, radiologists, and sports medicine specialists. JMPT is the only chiropractic journal included in Index Medicus.
