

Ovid®

International Journal of Urological Nursing

Rely on Ovid as the trusted solution that transforms research into results

International peer-reviewed Journal for all nurses, non-specialist and specialist, who care for individuals with urological disorders.

Relevant for nurses working in a variety of settings: inpatient care, outpatient care, ambulatory care, community care, operating departments and specialist clinics.

The Journal covers the whole spectrum of urological nursing skills and knowledge. It supports the publication of local issues of relevance to a wider international community to disseminate good practice.
