Journal of Cardiovascular Nursing

Rely on Ovid as the trusted solution that transforms research into results

The official journal of the Preventive Cardiovascular Nurses Association, the Journal of Cardiovascular Nursing is one of the leading journals for advanced practice nurses in cardiovascular care, providing thorough coverage of timely topics and information that is extremely practical for daily, on-the-job use.

Each issue of the journal addresses the physiologic, psychologic, and social needs of cardiovascular patients and their families in a variety of environments. Regular columns include By the Bedside, Progress in Prevention, Pharmacology, Dysrhythmias, and Outcomes Research.
