The Journal of Orthopaedic Trauma is the official publication of the Orthopaedic Trauma Association; the International Society for Fracture Repair; the Belgian Orthopaedic Trauma Association; the Japan Fracture Society; the Foundation for Orthopedic Trauma; and the Canadian Orthopaedic Trauma Society.

The Journal of Orthopaedic Trauma is devoted exclusively to the diagnosis and management of hard and soft tissue trauma, including injuries to bone, muscle, ligament, and tendons, as well as spinal cord injuries. Under the guidance of a distinguished international board of editors, the journal provides the most current information on diagnostic techniques, new and improved surgical instruments and procedures, surgical implants and prosthetic devices, bioplastics and biometals; and physical therapy and rehabilitation.
