Acta Cardiologica Sinica, the official journal of the Taiwan Society of Cardiology, aims to publish the highest quality clinical and scientific material on all aspects of cardiovascular medicine.

Acta Cardiologica Sinica publishes peer-reviewed articles on all aspects of cardiovascular disease and basic science, including original clinical or experimental studies, review articles, case reports, short reports and letters to the editor. As the official journal of the Taiwan Society of Cardiology, Acta Cardiologica Sinica also publishes abstracts of reports to be presented at the Annual Scientific Sessions of the Society.
