Veterinary Ophthalmology

Rely on Ovid as the trusted solution that transforms research into results

Veterinary Ophthalmology is a peer-reviewed, international journal that welcomes submission of manuscripts directed towards academic researchers of veterinary ophthalmology, specialists and general practitioners with a strong ophthalmology interest.

Published on behalf of the American College of Veterinary Ophthalmologists, articles include those relating to all aspects of:

- * Clinical and investigational veterinary and comparative ophthalmology
- * Prospective and retrospective studies or reviews of naturally occurring ocular disease in veterinary species
- * Experimental models of both animal and human ocular disease in veterinary species
- * Anatomic studies of the animal eye
- * Physiological studies of the animal eye
- * Pharmacological studies of the animal eye

Impact Factor	1.083
ISI JCR Ranking	62/140 (VETERINARY SCIENCES)
